

GIZ – Deutsche Gesellschaft für Internationale Zusammenarbeit

Sustainable, Innovative and Effective

*“Our interventions worldwide are influenced by the
challenges of the global future”*

As a national company, we support the federal government
in achieving its goals in international cooperation for
sustainable development worldwide.

Worldwide presence - the company at a glance

- The GIZ is active in more than 130 countries worldwide. In Germany, the company is present in almost all provinces.
- The company is headquartered in Bonn and in Eschborn.
- Worldwide the GIZ has more than 17,000 employees - about 70 percent of them are employed as a national staff in the partner countries.
- There are also around 1110 development workers and helpers, also 700 and 455 Integrated and returning experts, respectively and 820 "worldwide" volunteers .
- The business volume of around **1.85 billion euros** is a good basis for future cooperation. (as at 31/12/2010)

Clients of the GIZ

- Most important client is the Federal Ministry for Economic Cooperation and Development (BMZ).
- Other federal departments - including the Foreign Office, Federal Ministry for the Environment, Nature Conservation and Nuclear Safety, the Federal Ministry of Defense, the Federal Ministry of Economics and Technology and the Federal Ministry for Education and Research
- Governments of other countries, the European Commission, the United Nations and the World Bank.
- We cooperate closely with the private sector and contribute to a meaningful interaction between development and foreign economic activities.

GIZ in Ghana

- The Republic of Ghana is a partner country for German and international development cooperation. GIZ implements programs and projects there on behalf of the German Federal Ministry for Economic Cooperation and Development (BMZ), and has maintained an office in Accra since 1983.
- GIZ's operations in Ghana are integrated into the country's poverty reduction strategy. This aims to promote sustainable and equitable economic growth and to speed up the rate of poverty reduction within a democratic environment. The agreed areas of bilateral cooperation are; **Agriculture, Decentralization and Economic Development.**

Structure and Fields of CIM Collaborations
