SYMPATHY AND CONDOLENCE TO VICTIMS OF FIRE DISASTER-ACCRA

The Ghana Community Hamburg is deeply saddened by the news of the recent flood followed by a devastating fire outbreak causing high number of fatalities, injuries and damage in our capital city Accra Ghana.

On behalf of Hamburg community, Ghana Union Hamburg e.V would like to convey to our dear people of Ghana our expression of deepest sympathy and heartfelt condolence to the grieving families who have lost family and friends and all those who have suffered great loss from these disasters. We share your feelings of grief and we give you our thoughts and prayers in the hope that, with time, healing can begin.

The people and the government of Ghana can give the victims and their families the courtesy and respect they deserved by taking the responsibility of doing whatever you can to prevent such tragedies from occurring again

“Beautiful souls are never forgotten.” The best way we can honour the victims is to mark the day as national disaster awareness day.

We affirm our moral supports and join all efforts to support affected people in this hard time of disaster

May God bless and comfort you and your families,

Wilberforce Osei Tutu
General Secretary
